APPROVAL OF THE MINUTES

The June 2019 Wetlands Board minutes were approved by consensus

WETLANDS APPLICATIONS

Application 19-03, VMRC 19-0160 for Davis & Associates, (Agent) and Carrol Moore, (Estate Trustee): Request to construct a single family residence with yard, bulkhead and driveway in wetlands along a tidal ditch along the Chesapeake Bay at 112 Dandy View Lane

Anna Drake informed the board this application was continued from April 2019 and presented a brief review of application, property maps, and photographs. She informed the Board that based on a site visit to the property on June 18, 2019, there is continuing evidence that a tidal ditch along the eastern boundary is still being excavated.

The Chair opened the public hearing.

Mr. Carrol Moore came forward to answer any questions the Board may have and request a continuance of this application. He stated that before June the ditch was almost completely filled in and on June 18, a complete excavation had been done again. Mr. Moore has been to the Sheriff's office to request their assistance, posted "No Trespassing" signs, and has gone to the adjacent property owners to discuss the situation with them as well.

He feels fairly confident that this will no longer be a problem and that the ditch will no longer be excavated. Mr. Moore requested the application be continued until October 10, 2019 in order for the ditch to naturally refill.

The Board closed the Public Hearing, and discussed the request to continue this application. Ms. Short moved to table the application until 6 p.m. October 10, 2019.

Jeff Frye	Yes
Noel West	Yes
Timothy Smith	Yes
Dianne Short	Yes
Eric Ancarrow	Yes

The Chair stated the application would be continued until 6 p.m. October 10, 2019. The application will be re-opened in the Multi-Purpose Room of the Public Works Administration Building located at 105 Service Drive, Yorktown, Virginia.
