Subject: Numbers of people on Medicaid statewide and in York and Poquoson combined
Date: Wednesday, September 19, 2018 8:53:36 AM

This is the answer to the question from last night regarding numbers of people on Medicaid:
Statewide: 1,244,377
York/Poquoson: 5,165

Please forward to Mr. Zaremba and / or members of BOS.
Thank you.

FYI—I have shared with the crew at FS#5 as well as Dan Wilbert (part time logistics tech) as well as their supervisors.

I have also thanked Ms. Skelly for sharing their experience with us.

Thanks,
Steve

Subject: Flat tire!

I am writing to express our gratitude for the exceptional help we received from your York fire station. My husband and I were on our way home from our vacation in Sandbridge Beach when a tractor trailer in front of us dropped a metal part on the roadway which we were unable to avoid. I felt the bump of the tire, but it seemed that everything was OK for a while. Shortly down the road the tire began to go flat and we pulled off an exit hoping to see a service station nearby. We pulled off, took a right and found nothing there, except the firehouse. We were extremely bummed, thinking about how we would get to a place to get a new tire (I bought the car used and quickly discovered it did not have a spare). We were only standing there a couple of minutes when a young man with his family going the opposite direction swung his car around and began to help us. At the same time 2 firemen came out from the station and also started to help. Dan Wilbert immediately got on the phone to the local tire store and located a tire and came up with a plan to fix it. The firemen inside the firehouse invited me in to sit while Dan and my husband worked on the tire. They were very polite, offering me a beverage. I realize this was not the most important task these guys are faced with, but the fact that they so quickly and graciously came to our rescue meant a lot to us. We wanted someone in administration to know what a great help they were to us.

Sincerely,

Joyce Skelly
