

COUNTY OF YORK

MEMORANDUM

DATE: June 6, 2019
TO: York County Board of Supervisors
FROM: Neil A. Morgan, County Administrator 
SUBJECT: Home-Based Business Committee

ISSUE

With input from the Board, staff has brought together a group of citizens that represent a variety of interests around the home-based business industry (attached). The committee will be staffed by Earl W. Anderson, AICP of the Planning Division and Joycelyn Corbin, CZO from the Zoning and Code Enforcement Division. I have organized this ad hoc group in response to the York County Chamber's request that we modify our Home-Based Business regulations.

The group will have its first meeting on Monday, June 10, 2019, and will continue to meet through the rest of the year. The tentative calendar has the committee meeting through the fall to research and discuss the topic and to create ideas for how to best handle the changing needs of the home-based business industry. It is anticipated that the committee would finalize any Zoning Ordinance or other County Code recommendations to send to the Board by the first part of 2020.

Anderson/3497
