Safety Town Celebrates 25 Years **Airing Daily on WYCG-TV**

Look both ways before you say “Happy 25th Safety Town!” As another generation of kids enter this award-winning program, WYCG-TV producer, Brian Harmon and Public Information Officer, Gail Whittaker give us a look back at how Safety Town has evolved and the folks that made it happen. Some of our first participants have children who have not only been in the program but are now volunteering. To all the staff, volunteers, and participants that contribute to this terrific county program for our youngest citizens -- Congrats! We too hope to be celebrating with you again in another 25!

The feature runs daily on WYCG-TV and can be easily accessed from the homepage on yorkcounty.gov or on [You Tube](https://www.youtube.com)
