

**COUNTY OF YORK  
VIRGINIA**

**VSMP  
ANNUAL REPORT  
FISCAL YEAR 2019**

## Summary

This Annual Report is for Fiscal Year 2019 and is being submitted to the Department of Environmental Quality (DEQ) as part of the County of York's Virginia Stormwater Management Program (VSMP) Permit requirements for the Municipal Separate Stormwater System (MS4), Phase II locality.

The report addresses the status of the six minimum control measures for the fiscal year in York County plus Special Conditions.

The six measures and special conditions are:

1. Public Education and Outreach
2. Public Involvement and Participation
3. Illicit Discharge Detection and Elimination
4. Construction and Stormwater Runoff Controls
5. Post Construction Stormwater Management
6. Pollution Prevention and Good Housekeeping
7. Special Conditions - Chesapeake Bay and Bacterial TMDL Action Plans

The County receives assistance with the program from the Hampton Roads Planning District Commission (HRPDC) on the educational, training, tracking and other permitting requirements.

Certification: "I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system or those persons directly responsible for gathering the information, the information submitted is to the best of my knowledge and belief true, accurate, and complete. I am aware that there are significant penalties for submitting false information including the possibility of fine and imprisonment for knowing violations."

## A. Reporting Items

1. Public Education and Outreach
  - (a) List of high-priority Items
    1. Pet Waste
    2. Lawn Care
    3. Disposal of Fats, Oils and Greases
    4. Pollution Prevention Education
  - (b) Strategies used to communicate issues
    1. See Attachment 1.b - High Priority Issues Education Plan
2. Public Involvement and Participation
  - (a) Public input and Stormwater Complaints: See Attachment 2.a Stormwater Complaints
  - (b) Website address:  
<https://www.yorkcounty.gov/387/Stormwater-Programs>
  - (c) Public Involvement Activities
    1. See Attachment 2.c – York County Public Involvement Activities and Metric Report
  - (d) MS4 Permittees with whom we collaborate include the members of the Hampton Road Planning District Commission.
3. Illicit Discharge Detection and Elimination
  - (a) York County maintains our MS4 map and information table which is updated regularly.
  - (b) York County screened 60 outfalls.
  - (c) Illicit Discharges reported in FY2019: York County received 5 illicit discharge complaints in FY2019. Out of the 5 illicit discharge complaints 2 were found to be illicit and 3 no apparent violations. Of the 2 that were illicit, they were resolved by sending one warning letter containing illicit discharge information.
    - 126 Production Drive, the responsible party is the commercial business owner. Sodium Hypochlorite was spilt on the property.
    - 501 Old Yorktown Road, the responsible party is the property owner. The septic tank overflowed.

4. Construction Site Stormwater Control
  - (a) All land disturbing projects are conducted in accordance with the current approved standards for erosion and sediment control.
  - (b) Total Inspections:
    - a. Erosion and Sediment Control: 1,762
    - b. Notice to Comply: 30
    - c. Stop Work Orders: 3
    - d. VSMP Inspections: 123
  
5. Post Construction Stormwater Management
  - (a) York County inspected 171 privately owned stormwater management facilities in 2019.
  - (b) Enforcement actions are shown in Attachment 5.b – BMP Inspections Report
  - (c) 38 inspections were done on County owned facilities
  - (d) No significant repairs were required on any county owned facilities.
  - (e) York County submitted all required stormwater facilities information through the VCSGP database for projects that required VPDES Permits.
  - (f) All BMPs were uploaded electronically into the DEQ BMP Warehouse on September 16, 2019.
  
6. Pollution Prevention and Good House Keeping
  - (a) There were no changes to operational procedures during the reporting period.
  - (b) There were no new SWPPPs developed during the reporting period.
  - (c) No SWPPPs were modified or delisted during the reporting period.
  - (d) See Attachment 6.d – Training Plan
  
7. TMDL Special Conditions:
  - (a) Chesapeake Bay TMDL Action Plan: See Attachment 7.a-Phase II Chesapeake Bay TMDL Action Plan
  - (b) Bacteria Action Plan: York County is providing dog waste stations to subdivisions, discouraging geese as well as implementing an enhanced dry weather screening and illicit discharge detection program, .
