Cc: Kopczynski, Stephen <kopczyns@yorkcounty.gov>
Subject: Old Fire Station 1 (Rt 17)

Neil,

As you are aware, our Motorola Service Organization provides radio installations, emergency warning equipment and radio system service. As part of COVID-19 and working with the County, they have followed and will continue to follow our phased approach for re-opening to include PPE and social distancing.

In the beginning phase, (anticipated to be Friday, May 15th) Motorola will start what amounts to a back log of 30 installations for our regional radio consortium. This includes installation of radios and equipment on ambulances, fire trucks and law enforcement vehicles. After our discussion, I met with Chief Kopczynski and he concurs with the utilization of the old Fire Station 1 (Rt. 17) during the next 30 days as an installation facility. By doing this, it will ensure the emergency vehicles are available and on the road sooner.

Thank you again for your support.

D Terry Hall

Director of Emergency Communications

May 15, 2020

County Administrator Neil Morgan spoke about the reopening in a video message to the public. View the [video](#).

Yorktown Beach

Following state and federal guidelines, all beaches – including our **Yorktown Beach** – remain **closed**. While many localities are able to allow the beaches to be used for exercise and fishing, the Yorktown Beach's small size makes the required social distancing difficult, if not impossible. In addition, when open, our beach is frequented by guests from neighboring localities, which increases the chance of the spread.

- Waterfront Operations –
 - Riverwalk Landing piers are now open for transient and recreational boaters; piers are closed to the general public.
 - Yorktown Fishing Pier is open, but limited to no more than 10 people at a time and social distancing rules must be followed.
 - Beach Picnic area is open for passive recreation of groups no larger than 10. The adjacent parking area remains closed.
 - Grassy areas of Riverwalk Landing are open for passive recreation such as reading, playing Frisbee, etc. Social distancing and group size applies.
 - Many Riverwalk Landing businesses are opening with enhanced health and safety measures in place for employees and customers. Currently, restaurants with carry-out options and those with limited patio and outdoor seating include: Water Street Grille, Riverwalk Restaurant, Ben & Jerry's, and Mobjack Bay Coffee Roasters. Patriot Tours & Provisions offers outdoor recreation, including paddle board and kayak rentals, bicycle rentals, and guided Segway tours.

- Library Services
 - Beginning Monday, May 18, the book drop will be open at the Tabb and Yorktown Libraries from 9 a.m. to 4:45 p.m., Monday through Friday. The physical buildings will not be open to the public. Returned books will be quarantined for three days. Items will be removed from your account on the fourth day after drop off. No fines will be assessed. Please maintain social distancing when returning items to the book drop.

- Parks and Fields –
 - County and School Division green areas are open for recreation by groups of no more than 10, but not for organized sports. Basketball courts and playgrounds remain closed.

Citizen News – York County’s Quarterly Newsletter – Now Online

- The summer edition of York County’s quarterly newsletter is now available exclusively [online](#). The newsletter, usually mailed quarterly to all homes in York County, was instead produced as an online publication due to the COVID-19 pandemic. Readers will find inside the publication their familiar favorites: School Division, Special Events such as Market Days and Concerts, Virginia Cooperative Extension, Recycling Update, and so much more!

Tourism Development

- **Drive-thru Mother’s Day Farmers Market:** Despite an unseasonably cold and windy morning, the Mother’s Day Drive-thru Market at McReynolds Athletic Complex was the busiest one yet! Of course, that’s mainly due to the fact that it’s strictly for pickup of pre-orders, most of which have already been paid for... and the fact that customers can stay in their cars! In all, an estimated 300 vehicles came through the MAC, and with two more vendors this week, sales surpassed 600. The addition of grab-and-go options helped with sales and gave customers a way to explore new businesses while waiting. The farms continue to report fantastic numbers. 127 for one and 83 for another. The biggest success story was Raders Quarter Farm who sold out of fresh pork within hours of posting their inventory as well as their remaining beef. With talks of a national shortage due to COVID-19, it was a wonderful opportunity for the community to get fresh meat for their families. Last weekend, three EBT customers took advantage of the Fresh Match Program where they receive a dollar-for-dollar match on fruits and vegetables. Overall, the farms sold \$190 in produce to these more vulnerable citizens.
- **National Travel & Tourism Week:** As a part of this nationally-recognized campaign, Yorktown joined hundreds of destinations across the state in celebrating an outline set forth by the VTC. This year, the focus was really to try to stay connected to and supportive of visitors by meeting them where they are now and still embracing the #spiritoftravel. In particular, we tapped into themes of supporting local restaurants offering takeout, purchasing gift cards from small businesses to shop at a later date, booking hotel and B&B reservations for future vacations, and showcasing the amazing history that surrounds us. We wholeheartedly believe the tourism industry will be integral to our nation’s

recovery when this is over—for both the Greater Williamsburg economy, and American jobs. After months of isolation, travel will be a way to help heal the country's morale.

Waste Management

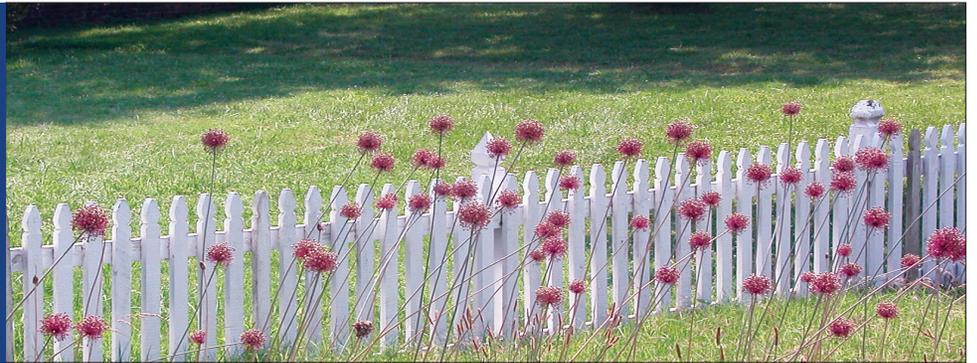

- Recycling will not be collected on Memorial Day – Monday, May 25. Collections will be delayed one day until all routes are serviced by Saturday, May 30. Garbage collection is not affected by the holiday. For more information, visit the Waste Management [website](#) or call (757) 890-3780.

Wetlands Board Vacancy

- The Board of Supervisors is seeking applications from citizens to fill vacancies on the Wetlands Board. The Wetlands Board is charged with issuing permits for the use and development of tidal wetlands while balancing the needs of the property owners with the protection of wetlands. More information and the online application are available [here](#).

REOPENING: A PHASED APPROACH

Managing risks vs. rewards

Shortly after COVID-19 forced the closure of the beach, parks and playgrounds, and County offices, staff began working on a reopening plan, at the request of County Administrator Neil Morgan. The County's COVID-19 task force, formed in February and made up of staff members and School Division representatives, shifted its focus from managing office operations to developing a reopening plan. The resulting plan shared with Mr. Morgan and ultimately County staff, consists of three phases based on certain virus benchmarks and is similar to the plans the state and federal governments released shortly thereafter.

The reopening - adapted for each County department based on the level of public interaction and staffing needs - strikes a balance between what has to open versus what the public would like to have open. The County receives inquiries every day about the beach status and as the weather warms, people naturally want to be outside and enjoy the beautiful waterfront.

"We are all anxious for things to be open again," says Morgan. "However, we have to be mindful of the crowds. Social-distancing is still an important aspect of public health and the challenge with our beach is its small size."

The reopening of the beach will be a slow and deliberate process with some parking restrictions continuing for a while and waterfront events still on hold....for now. What is opening effective May 15 along the water? The fishing pier, the boat docks, and the grassy areas for passive recreation are available to the public. The Beach Picnic area is open for pedestrians but the adjacent parking area remains closed.

"Residents will be pleased to know that phase one includes the reopening of County and School Division green areas to be used

Visitors to our parks will be greeted by signs reminding them to practice social distancing and safe play.

BOARD OF SUPERVISORS ACTIONS

This list features a sampling of items that were considered by the Board of Supervisors since the January 21 meeting. Additional information about these and other Board actions is available at www.yorkcounty.gov/bos.

FEBRUARY 4, 2020

- This was a joint meeting with the School Board. Presentations/discussions were made about Strategic Priorities, Capital Improvement Programs, and the Proposed Budgets. No actions were taken at this meeting.

FEBRUARY 18, 2020

- Authorized a contract with RRMM Architects for design services for the York-Poquoson Sheriff's Office.

MARCH 3, 2020

- Accepted the initial appropriation of insurance proceeds for the Grafton School Complex repair. The fire occurred on February 3. Insurance is covering the cost of repairing the damage caused by the fire.

MARCH 17, 2020

- Reclassified approximately 7.5 acres of land located at 1915 Pocahontas Trail (Route 60) from General Business to Planned Development Residential for a 150-unit independent living senior housing development.
- Designated all secondary streets having a speed limit of no more than 25 mph for use by golf carts or utility vehicles. The vehicles must carry liability insurance, be operated by a licensed driver, and driven only between sunrise and sunset.

APRIL 21, 2020 EMERGENCY MEETING

- Items approved at this meeting are related to the COVID-19 virus pandemic: approved a Continuity of Government Ordinance and an Emergency Ordinance ratifying actions of the County Administrator in closing and prohibiting public access to certain parks and public areas; implemented certain temporary forms of tax relief, including waivers of county credit card fees, reductions in penalties and interest for delinquent tax and utility bill payments, and a waiver of returned check fees on electronic payments, in order to provide a measure of financial relief; and amended the York County Code to allow the Board of Equalization to extend its meetings beyond April 30 of each reassessment year in the event of a declaration of emergency.

MAY 5, 2020

- Adopted the Fiscal Year 2021 Budget, the 2021-2026 Capital Improvements Program, the Tax Rates for Calendar Year 2020, designated a portion of Real Property Tax for School purposes, and amended the County Code regarding Ambulance Transport Fees.

CITIZEN NEWS | YORK COUNTY, VIRGINIA

SUMMER 2020

"Citizen News" is published quarterly for the citizens of York County. Typically, one copy is mailed to each household in the County. However, due to the COVID-19 pandemic, this issue is being posted online. Copies are available only upon request. Address comments to P.O. Box 532, Yorktown, VA, 23690, call (757) 890-3300, or email publicaffairs@yorkcounty.gov.

County Administrator ----- Neil Morgan
Public Affairs Manager ----- Paula Hersh
Public Information Officer ----- Gail L. Whittaker

DATES & DEADLINES TO KEEP IN MIND

The **2020 Personal Property and Real Estate tax bills (first half)** have been mailed and are due on or before **June 25**. If you did not receive your bill, please visit the website and select "Personal Property Tax Inquiry" or "Real Estate Tax Inquiry" in the online services option to view your bill. Taxes may be paid online, by mail, or deposited in the dropbox located at the Finance Building, 120 Alexander Hamilton Boulevard. www.yorkcounty.gov/treasurer

To encourage the use of online payment, the Board of Supervisors has temporarily waived credit card convenience fees. And, to assist those who are hardest hit, the Board has reduced penalties and interest on late tax and utility billing payments until September 30.

The **Republican Primary is June 23**. All regular polling places will be open from 6 a.m.

to 7 p.m. A sample ballot is available online at www.yorkcounty.gov/voting.

www.yorkcounty.gov/voting.

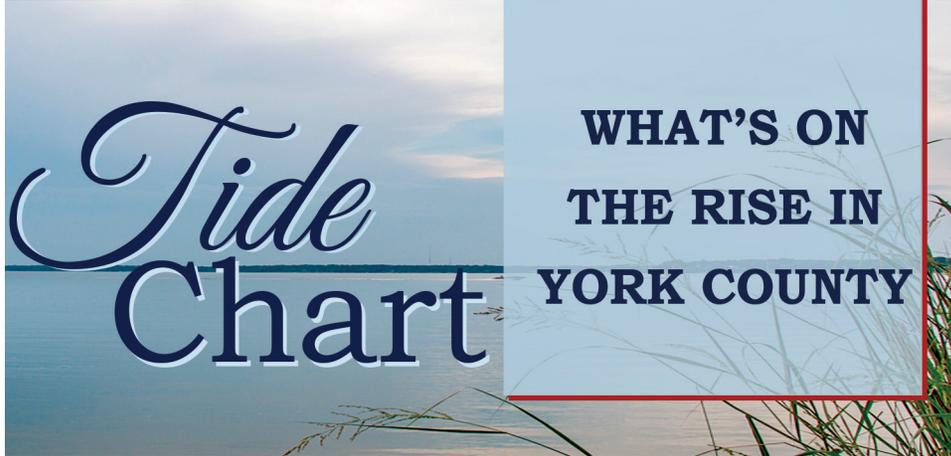

Absentee voting is now underway. The deadline to **apply to vote absentee online or by mail or email is 5 p.m. on Tuesday, June 16**. The deadline to **apply to vote**

absentee in person is 5 p.m. on Saturday, June 20. In order to accommodate those who wish to vote absentee in person, the Registrar's Office will be open Monday through Friday, 8:30 a.m. to 5 p.m. and Saturday, June 20, from 9 a.m. to 5 p.m. For more information, call (757) 890-3440 or visit our website.

The **Commissioner of the Revenue's Office now has a secure dropbox** located in the vestibule of the Finance Building, 120 Alexander Hamilton Boulevard, for those who need to return documents to the office. The dropbox is checked several times a day during office hours (Monday-Friday, 8:15 a.m. to 5 p.m.).

Forms and supporting documentation also may be submitted electronically. Be sure to fill out the applicable form found at www.yorkcounty.gov/475/Forms and save it to your computer. Then, visit www.yorkcounty.gov/upload and follow the easy instructions. For more information, call the Commissioner of the Revenue's Office at (757) 890-3381 or visit www.yorkcounty.gov/revenue.

MODIFIED MARKET DAYS A HIT!

The modified Yorktown Market Days is a huge success! Each week, the number of cars and orders are increasing along with the number of participating local vendors. From fresh baked goods to locally grown produce and farm raised meats, the McReynolds Athletic Complex has proven to be a popular spot on Saturday mornings. The drive-thru markets are scheduled to continue through June 6 with hopes of returning back "home" to Riverwalk Landing. Find out more at www.yorktownmarketdays.com.

YOUTH AWARD WINNERS CELEBRATED

The Board of Supervisors announced the 2020 Outstanding Youth Award recipients. Congratulations to **Taylor Ditto** - Community Service; **Jeremy Watts, Jr.** - Compassion; **John Dixon** - Courage; and **Anna Vargas** - Overall Achievement. Each receives a \$1,000 scholarship for their post-high school education. You can watch the May 19 meeting and award presentation live or see a replay at www.yorkcounty.gov/TV.

PRESCHOOL ENROLLMENT

York County School Division (YCSO) preschool program applications for the 2020-21 school year will be posted on the division website beginning the week of May 18. Programs to which parents may apply include the Virginia Preschool Initiative (VPI) and the Integrated Preschool Outreach Program (IPOP). YCSO also provides school and community based early childhood special education programming to preschool age students with disabilities who are eligible for special education. The purpose of all preschool programs is to provide a variety of enriching activities designed to prepare children for success in kindergarten. Students in all programs are served in an inclusive classroom environment.

VIRGINIA PRESCHOOL INITIATIVE (VPI)

The purpose of VPI is to provide a high-quality educational program at no cost for three- and four-year-old children whose families meet specific criteria as outlined in the application. **For more information about the VPI program, contact Okrika Harold at (757) 833-2490.**

INTEGRATED PRESCHOOL OUTREACH PROGRAM (IPOP)

IPOP is designed to serve children with and without disabilities in an inclusive preschool classroom. Families of three-year-old children without disabilities may apply, and students will be accepted as space is available. **For more information, visit the YCSO website.**

The County of York also provides the Head Start preschool program. Head Start is available at no cost to families of 3-5 year old children who live in York County and meet eligibility criteria. **For additional information about Head Start and the application process, call 757-890-3888.**

2020 SUMMER ACADEMIC PROGRAMS

Due to the ongoing social distancing measures in place in Virginia, all YCSO summer academic programs will be held virtually this summer. The division has adopted a new Student Learning Management System, Canvas, which will be used to support instruction in Summer Academies and future school years.

ELEMENTARY REMEDIATION PROGRAM

- June 22-July 22 – No Tuition
- Students currently enrolled in grades K-5 needing academic support in the areas of language arts and mathematics
- Participants will be recommended by school staff and parents will be notified by Elementary Summer Academy staff by May 29.
- Students not enrolled based on school recommendation may apply to participate by June 5.

MIDDLE SCHOOL REMEDIATION PROGRAM

- June 22- July 22 – No Tuition
- Students currently enrolled in grades 6-8 needing academic support in the areas of reading, writing, and mathematics.
- Participants will be recommended by school staff and parents will be notified by their child's principal by May 29.
- Students not enrolled based on school recommendation may apply to be placed on a waitlist.

HIGH SCHOOL PROGRAM

- June 22-July 22
- Designed for rising 9-12 graders who wish to earn either 2 repeat credits (credit recovery) or 1 original credit for a high school course (limit of 1 original credit during summer academy)
- Tuition-based enrollment: Credit Recovery - \$450; Original Credit - \$550; Semester math courses - \$300

Please consult with your child's school or school counselor for more details on how to register for Summer Academic Programs.

CRIME PREVENTION SCAM ALERTS FROM THE YORK-POQUOSON SHERIFF'S OFFICE

Sheriff Danny Diggs wants you to be aware of some of the prominent scams that our citizens are facing.

In his latest "News from the Sheriff" video - "Protecting Your Property: COVID-19 Scams" - Sheriff Diggs states, "Please don't fall for these scams. They can cost you a lot of money, a lot of trouble, and a lot of heartache."

Be sure to call the Sheriff's Office at (757) 890-3721 if you believe you've been a victim. Here's a look at some of the scams out there right now:

Inappropriate Images & Video Scam - The Sheriff's Office has received several calls from concerned citizens who have received emails and/or texts stating that inappropriate photos or videos will be sent to all their contacts unless they send money. The payment is demanded in bitcoin, which is a cryptocurrency/digital currency that allows money to be transferred from one person to another through online transactions. If this happens to you, please call the Sheriff's Office and do *not* send any money to these criminals.

Dominion Energy Scam - In another scam, callers claim to be with Dominion Energy and threaten to cut off power unless payment is made. These are not valid calls!

Do not give them personal financial information. Hang up your phone, look up the phone number for Dominion Energy, and call them directly. FYI, the State Corporation Commission has taken action to block electric, gas, and water companies from disconnecting services through mid-June. Additional information about scams is available on the Dominion Energy website - www.dominionenergy.com.

COVID-19 Scam - Unfortunately, many criminals like to take advantage of dire situations, such as COVID-19. We have received calls from citizens who have gotten emails, advertising pop-ups on their computers, and even text messages stating that they can "purchase" a COVID-19 test kit, which is ultimately fake. Do not purchase any COVID-19 test kits unless directed by a medical professional that you know *and* trust.

Phone Scammers Are Targeting Customers

If you suspect a scammer, always ask for the caller's name, department, and business phone number.

Reopening, continued from page 1

for recreation, but not for organized sports. Group size of no more than 10 is still in play, and basketball courts and playgrounds remain closed as part of the Governor's order.," says Deputy County Administrator Mark Bellamy.

"To reiterate," Morgan adds, "in phase one we are not opening the beach. We hope to be able to reopen the beach no later than phase two, assuming continued progress with the pandemic. The Yorktown Beach is a potential hot-spot in York County for the transmission of the virus because it is where many people gather in a small confined space. And many of our beachgoers are from outside the area, which brings the potential for the virus to spread."

While the beach is a hot topic, continuing to provide services to the community is at the top of the list for County staff. The reopening plan calls for the Treasurer's office to be one of the first open to the citizenry.

According to Deputy County Administrator Vivian McGettigan, "Preparations are being made to reopen the Treasurer's Office soon. The office is expected to reopen in early June with measures in place for the safety of the employees and the visitors, such as plexiglass between staff and visitors, sanitation stations, and distance measures."

The libraries remain closed, but book drops reopen May 18 and the plan is for curbside pickup of materials to begin in June.

Phase two will see County office buildings reopening, but visitors will be asked to call ahead to alert staff of their arrival so that an employee can greet them at the door to assist them. Those staff who have been working from home will continue to do so, but at a lesser degree.

The third - and hopefully final - phase will see all County facilities open, but some, like the library, will have additional safety measures in place, such as rearranged computer stations for increased social distancing, safety measures at checkouts, etc.

While there remains a lot of uncertainty surrounding this virus, one thing for sure is that our elderly population is at a greater risk. Because

The grassy areas at the waterfront, including the Beach Picnic area, are open for small groups/families of 10 or less for passive recreation.

of that, the Senior Center will remain closed until such time as we and the Health Department determine it is safe to reopen.

The pandemic has upended how we manage County facilities, how we relate to citizens and visitors, and has drastically constrained our financial condition. All of these factors must be considered by the Board of Supervisors and County management as we try to ease our way back toward something like normal. Because of the sacrifices we have all made this spring, the odds of a successful return to many of the things we all miss are much greater."

For more on balancing the economic impact, see County Administrator Morgan's "One More Thing" article on page 12.

WHAT'S HAPPENING AT YOUR LIBRARY

While our in-person events are on hold, connect with us on Facebook Live! Join us each Monday and Wednesday morning at 10:30 for our **virtual Story Time**. We'll have stories, songs, and fun! If you enjoy the magical world of Harry Potter, join us Fridays at 10:30 a.m. as we read a chapter of "Harry Potter and the Sorcerer's Stone," with permission

from author J. K. Rowling and Scholastic. Also, catch up on past chapters you may have missed.

While the York County Public Library's physical locations are closed, we encourage you to take advantage of our digital offerings. From the latest **eBooks** and **eAudiobooks** to streaming videos and music, we have a variety of resources that can be accessed anytime, anywhere with your computer, tablet, or other mobile device. Two of our online learning platforms, **Learning Express** and **Universal Class**, provide students and adults with exceptional learning opportunities. All you need to get started is your library card.

Don't have a library card? It's easier than ever to get one! Our online library card application can be accessed through the "Using the Library" link on our website, www.yorkcounty.gov/library. Your new library card number will be emailed to you. When the Library reopens, you'll need to visit the Circulation Desk at Tabb or Yorktown to validate and pick up your physical card.

One of our favorite digital resources is **Learning Express**. This platform offers K-12 students practice exercises in **math, language arts, science, and social studies**. Learning Express offers **ACT, SAT and AP tutorials and practice exams for college bound students**. Adult learners will find tools for job searching, exploring new careers, and preparing for occupational licensing exams. Access Learning Express through our "Resources A-Z" webpage.

Have you tried our new **Ask-a-Librarian** service? We're here to help with your questions about using our digital resources from home. Complete the online troubleshooting survey, and a staff member will get back to you within 24-48 hours via email or phone. If you need immediate assistance, call the Tabb (757-890-5120) or Yorktown (757-890-5207) Reference desk between 10 a.m. and 5 p.m., Monday through Friday.

www.williamsburgva.gov
www.yorkcounty.gov

www.tfcrcycling.com

COVID-19 has led to many more people staying home, which means more trash. Our contracted hauler, Republic, has been working hard to collect all the household trash that is placed at the roadside for collection. On some days, however, this extra trash has meant longer collection times. We appreciate everyone who has left their containers at the roadside while Republic crews complete their routes. Residents that participate in curbside recycling are reminded to place all acceptable materials in the container for pickup, which diverts recyclables from the trashcan and ultimately the landfill. Remember, **WHEN IN DOUBT, THROW IT OUT!** Unacceptable items are considered contaminants and can actually increase the cost of the program.

KEEP RECYCLING THOSE PLASTIC BAGS FOR FREE BENCHES!

We are now in the fifth collection period, and have donated four benches to local schools and the Tabb Library! As a reminder, we are only collecting clean, dry plastic bags and wraps (no trash or other recyclables should be with bags). Help us continue to turn bags into benches!

DO NOT FLUSH THESE ITEMS

PAPER TOWELS

DIAPERS

HYGIENE PRODUCTS

OTHER TRASH

ANY WIPES (EVEN THE 'FLUSHABLE' ONES)

PLEASE FLUSH RESPONSIBLY » ONLY YOUR "PERSONAL BUSINESS"

Help keep York County pipes clean

MOSQUITO SEASON HAS ARRIVED

As we get closer to the most active part of mosquito season, the Mosquito Control division reminds citizens to sign up for e-mail notifications to receive alerts about the summer spray schedule. Helpful tips about how you can fight the bite are available on our website, like "make sure to wear insect repellent while you're outside." Click on the link to the EPA website that has been added and find the right kind of repellent for you and your family. And don't forget to watch our latest "tips" video. www.yorkcounty.gov/mosquitocontrol.

CHEERS TO PUBLIC WORKS STAFF

When VPSSA Compost Facility closed, in response to the COVID-19 pandemic, York County Grounds Maintenance and Drainage/Mosquito Control crews manned an alternative dropoff site for yard debris. Residents brought in 770 tons, by the trailer and truck load, that otherwise could have been piling up in yards and ditches. What a great example of our York County staff stepping up during the crisis.

7 Parks to Explore

COUNTY LAUNCHES ENHANCED CUSTOMER SERVICE REQUEST PORTAL

Builders, contractors, and citizens now have access to a newly enhanced Customer Service Request Portal for use in scheduling building inspections with online credit card payment coming soon, as well as the ability to track requests made to Waste Management, Utilities, Zoning/Code Enforcement, and other public services. The system allows for builders and contractors to easily request an inspection, to make their payments online, and to track the status of their request in real time.

Another helpful feature--the portal is responsive, meaning that it works on tablets and mobile devices, which is perfect for builders and contractors working at their build site.

The Customer Service Request Portal is available on all web pages of the departments of Public Works and Planning & Development Services. Direct access is available at www.yorkcounty.gov/requests. For more information, please call Public Works at (757) 890-3750 send an email to pwofc@yorkcounty.gov.

Sign up for free emergency notifications from York Alert.

It takes less than 5 minutes to register for emergency alerts, which may be sent to your cell phone or email. With York Alert you have instant access to information that may help you protect yourself and your loved ones.

For more information visit www.yorkcounty.gov/yorkalert

ALL VIRGINIA COOPERATIVE EXTENSION PROGRAMS ARE TENTATIVE BASED ON STATE COVID-19 GUIDELINES

FALL FESCUE LAWN CLINICS

Fall is the best season to renovate a fescue lawn. Incorporating organic matter, rake level, and seed selection will be discussed in this FREE lawn clinic held from 10am-Noon, August 29 at Ken Matthews Garden Center, Grafton.

If you would like to register for this clinic, call the Extension office at 757-890-4940 or register online at www.yorkcounty.gov/vce.

Virginia Cooperative Extension programs and employment are open to all, regardless of age, color, disability, gender, gender identity, gender expression, national origin, political affiliation, race, religion, sexual orientation, genetic information, veteran status, or any other basis protected by law. An equal opportunity/affirmative action employer. If you are a person with a disability and desire any assistive devices, services, or other accommodations to participate in this activity, please contact the York/Poquoson Extension Office at (757) 890-4940/TDD* during business hours of 8:15 a.m. to 5 p.m. to discuss accommodations five days prior to the event. *TDD number is (800) 828-1120.

PENINSULA MASTER GARDENER TRAINING

Applications are now being accepted for the Master Gardener training course from August - November. The deadline to apply is July 15. The training cost of \$150 includes a handbook and additional materials. After June 1, course fee increases to \$160. Two training sessions are available:

- Day Course – Tuesday and Thursday mornings, plus three Saturdays from September 1 – November 10
- Night Course – Wednesday evenings, plus three Saturdays from August 19 - November 10

Master Gardeners are volunteers who assist their local Cooperative Extension Offices in educating the public in general gardening practices as well as the proper use of pesticides and fertilizers. For more information and an application, visit www.york.ext.vt.edu
NOTICE: Under the current circumstances with COVID-19, we have the option to change this class format to a completely online version.

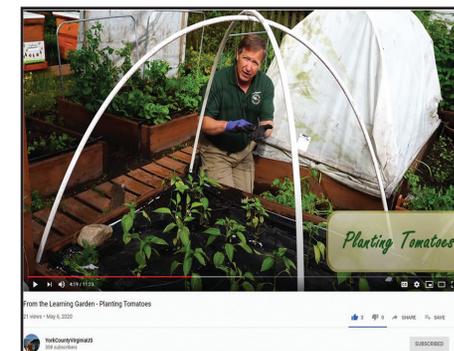

HEALTHY VIRGINIA LAWNS PROGRAM

Sign-up now for our Fall Healthy Virginia Lawns program with visits beginning August! This program is designed to assist York County and Poquoson residents with taking care of their lawn in an economic and environmentally sound manner. For \$20, York/Poquoson Master Gardeners will visit your site, measure your yard, take a soil sample, and provide customized feedback. If you would like to register for this program, call the Extension office at 757-890-4940 or register online at www.yorkcounty.gov/vce.

WYCG'S "FROM THE LEARNING GARDEN" VIDEO SERIES

FEATURING MASTER GARDENER NATE BRAUNER

York-Poquoson Master Gardeners and WYCG-TV teamed up to bring us these "From the Learning Garden" how-to videos to help you develop your green thumb.

Video topics include:

- Starting a Garden from Seed
- Making Newspaper Pots and Seed Gardens
- Planting Tomatoes
- Growing Sweet Potatoes
- Native Bee Hotels

Programs are available at www.yorkcounty.gov/tv or directly on the County's YouTube channel (search for YorkCountyVirginiaUS).

One More Thing

You can be sure the Board of Supervisors and I are watching the situation carefully.

THE COUNTY BUDGET AND COVID-19... A BALANCING ACT

By Neil A. Morgan, County Administrator

With all of us dealing with the pandemic in our personal and work lives, I suspect many have not spent a lot of time thinking about what it means for the County's finances. That is completely understandable since that is my job to propose and the Board of Supervisors to approve a balanced budget. The good news is that we have been doing that. The bad news is that it is an unpleasant story for the most part, at least so far.

Here is a broad brush summary of how our financial picture shifted in just a few short weeks. On March 17, our recommended budget for fy 21 totaled \$217,800,000. The revised budget I presented at the April 21 public hearing was \$199,200,000 (rounded). Most distressing of all, Tourism, which had been a real bright spot for the county in recent years, has taken a major hit. The recent growth in meals, lodging and sales taxes have all been slammed by the closure of virtually all tourism venues in our area and the reduced revenue budget largely reflects this reality. To balance the expenditure side of the budget, everything was reduced including new positions, salary increases, local contribution to schools, technology investments, vehicle purchases, and capital projects.

That is really quite a shocking financial pivot in a short period of time....and I can assure you that, for those who had to make these recommendations, it was not fun. The expenditure cuts are, of course, much more than just a bunch of numerical reductions. They represent increments of real progress in the last few years on the Board of Supervisor's Strategic Priorities including Excellent Educational Opportunities and Exemplary Public Safety. Slowing down some of our long-awaited capital projects like the Yorktown Library addition and the Seaford Elementary School modernization are very disappointing for us all.

We honestly can't say how long the economic downturn will last, or whether it represents a brief pause on all of the County's future plans or a much greater setback. You can be sure the Board of Supervisors and I are watching the situation carefully. We are fortunate that York County is in a strong financial position and should be able to weather the budget shock better than many organizations. That said, prudence requires us to make additional contingency plans should our hopes for a speedy recovery not materialize. That's why they say plan for the worst and hope for the best. Let's all hope the new fiscal year comes with reasons for optimism and that we soon find our finances in the best possible position to move forward balancing our operations and capital programs. I firmly believe that we will emerge from this challenge standing strong and on solid ground.
