On April 29-30, VACo will virtually offer its County Supervisors' Forum! This day-and-a-half event provides Supervisors and other officials with the chance to examine issues you and your Counties face daily. Participants are given an overview of local government and the duties of a County Supervisor by local officials who relish in sharing their knowledge and experience.

VACo is excited to offer this course to newly elected and incumbent Supervisors, chief county administrative officers and other government managers. Regardless of your role or length of time in local government service, there is always something new to learn, and local leaders will come away with the information they need to steer their community toward a bright future.

The theme for this year's Forum is "The Role of the Supervisor." The County Supervisors' Forum offers peer-to-peer education from some of the most experienced public servants and leaders in the Commonwealth. The education will focus on your role as a supervisor, how to communicate more effectively, the county budget, transparency and disclosure, and community planning.

Register today to join us for education that will help you better serve your community.

**Forum speakers may refer to the [VACo Supervisors' Manual](#), which is strongly encouraged for this meeting.** If you need a [Supervisors' Manual](#), please contact Valerie Russell at [vrussell@vaco.org](mailto:vrussell@vaco.org) with any questions.
