Riverwalk Landing Piers Reopen for the Season

April 1, 2022

Dock your boat and take advantage of our beautiful beach, restaurants, and special events!

The Riverwalk Landing Piers provide docking for overnight stays and transient boaters. Tie up and step ashore to grab a bite to eat or do a little shopping. Take advantage of prime parking on the water for our outdoor concerts, Yorktown Market Days, and festivals.

Notes for Boaters: The piers provide 1,200 linear feet of dockage. Electrical, water, and sewer pump-out is available pier side. The concrete floating pier system allows for a constant 28" above-water elevation. The depths at dockside range from 27' to 50' on well over 1,000 feet of dock frontage space.

A second pier is located behind Riverwalk Restaurant and provides additional docking. This smaller pier offers similar amenities as the T-pier. Mooring balls are available for use if desired. A private shower and restroom facility is also provided for our guests who arrive by water.
