Free Children's Book Program Coming to York County Public Library

York County Public Library, in partnership with the DeGood Foundation, is now registering children ages 0-5 for Dolly Parton's Imagination Library at the Tabb branch and the Yorktown branch (when it reopens). Dolly Parton's Imagination Library is a book-gifting program where children will receive a free brand-new, age-appropriate book in the mail every month from the time they're born until they start Kindergarten at age 5. The Imagination Library inspires a love of books, reading, and learning within the hearts and minds of children while preparing them for Kindergarten and beyond. For more information on how to register, visit the York County Public Library's [website](#).
